About IIMAK

Founded in 1983, IIMAK is a global leader in the development, manufacturing, and distribution of printing, imaging and marking consumable supplies and related services. IIMAK acquired Specialty Ink Company's business, including all formulas, brands, processes and assets to produce inks, stamp pads and related items. IIMAK is proud to continue the AeroBrand™ line of dye and pigmented inks for marking devices.

Utilizing the same great formulas, we carry a wide range of water, solvent and resin-based industrial inks that offer excellent durability and adhesion on porous and non-porous surfaces, including paper, corrugated, plastic, metal and rubber. Engineered features of these inks include various drying times, waterproofing and heat resistance.

IIMAK has a dedicated team assigned to inks, available to answer your questions, assist in the order process and provide you with the best service available.
